## QuickBooks for Windows

### Direct Connect

## Introduction

As **Silvergate Bank** completes its system conversion to, you will need to modify your QuickBooks settings to ensure the smooth transition of your data. Please reference the dates next to each task as this information is time sensitive. To complete these instructions, you will need your **User ID** and **Password** for the new Silvergate Business Online Banking that was recently re-issued to you.

**NOTE:** Direct Connect may require registration. Please contact **Silvergate Bank** to verify your Direct Connect login information.

It is important that you perform the following instructions exactly as described and in the order presented. If you do not, your service may stop functioning properly. This conversion should take 15–30 minutes.

## Documentation and Procedures

---

### Task 1: Conversion Preparation

---

1. Backup your data file. For instructions to back up your data file, choose **Help menu > QuickBooks Help**. Search for **Back Up** and follow the instructions.
2. Download the latest QuickBooks update. For instructions to download an update, choose **Help menu > QuickBooks Help**. Search for **Update QuickBooks**, then select **Update QuickBooks** and follow the instructions.

**IMPORTANT:** If multiple computers do not use the same QuickBooks data file, skip step 3. QuickBooks activities such as **Online Banking** cannot be performed in multi-user mode because of the way the activities interact with a company data file.

3. Switch to single user mode. For instructions to switch to single user mode, choose **Help menu > QuickBooks Help**. Search for **Switch to Single User Mode** and follow the instructions.

**IMPORTANT:** If you are not using Classic Mode (Register Mode), enable it for the conversion. You can change it back after the conversion is complete.

4. Enable Classic Mode (Register Mode).
