## Silvergate Bank - Correspondent Lending (SCL)

### Non-QM 5-1 ARM Product Guidelines

Effective Date: 9-25-2014

#### Guideline Overview

Loans meeting the parameters outlined in this guideline matrix must be consistent with the Dodd Frank Wall Street Reform Act Ability to Repay (ATR). Documentation standards are designed so that loans are made to borrowers who have demonstrated the ability and have the wherewithal to repay the debt. These programs require review and verification of documentation to ensure that the loans are 100% ATR compliant.
